

How to Save and Listen to an Audio File on the Docket

1. From the E-Mail you receive with the pdf document from the audio file, open it and save it to your PC. You will need to open the pdf file in Adobe Reader or whatever you use to view PDF documents, do not open within your web browser.
2. There is an attachment (paper clip) which you will see on the left hand side to listen to the audio file.

3. Click on the paperclip (attachment) to listen to the audio file.
